

Acceptable Income Verification Documents

- One month of pay statements from employer(s) for all working members of the household above the age of 18
OR
- A copy of the household's tax return from the previous year

If you are self-employed:

- A copy of the household's tax return from the previous year
OR
- Year-to-date profit and loss statement

Please provide income from any of the following, in addition to the above (if applicable)

- Unemployment benefits or letter from previous employer stating the last day worked
- Rental and /or investment income
- Alimony and/or child support received
- Child support paid
- Disability and/or social security income benefits
- Pensions/retirement/dividends
- Retirement Plan Income
- Income from family trust funds and/or other types of support

If your household has no income, you MUST complete the zero income attestation form.

Should you have any questions, a financial counselor is available to assist you
